

ZBI CLINICAL Implant Placement, Sinus Lift, and Soft-Tissue Grafting

ON-DEMAND CE VIRTUAL PROGRAM

PROGRAM DESCRIPTION:

In this program, a surgical procedure will be performed demonstrating a combination of implant placement and sinus lift in tooth site No. 14, as well as, a keratinized tissue graft harvested from the palate to correct mucogingival defects at tooth sites 24 and 25. Participants will view clinical procedures performed by a highly-skilled clinician who will explain and showcase advanced surgical and restorative techniques, helping participants to implement them into their practices. Given the cutting-edge nature of the procedures and services presented in this program, participants will be given the ability to watch the clinical procedures, then participate in an interactive question and answer session with the speaker about the techniques performed.

PROGRAM OBJECTIVES:

At the completion of the program, participants should be able to:

- Describe the anatomy and create ideal incision designs at the implant site, donor and recipient sites.
- Understand the indications, protocol and technique for implant placement, sinus crestal approach, and harvesting a keratinized tissue graft.
- Recognize, manage and prevent typical complications associated with implants, crestal sinus lifts and soft tissue grafts.
- Review post-operative management associated with implants, sinus lifts, and soft tissue grafts.

Kelly A. Misch, DDS, MS, PC

Dr. Misch received a dental degree and a Master of Science in Periodontics from the University of Michigan. She is a Diplomate from the American Board of Periodontology and the International Congress of Oral Implantologists. Dr. Misch is on the Deans Faculty in the Graduate Periodontics Department at the University of Michigan and a Fellow at Misch International Implant Institute. She is a member of numerous professional organizations, including the American Association of Women Dentists, and is Co-Founder/Director of Comprehensive Dental Institute, a Michigan non-profit organization. Dr. Misch is a full-time partner in a busy private practice specializing in periodontics and implant dentistry at Michigan Implants and Periodontics in Ann Arbor and Jackson, MI.
