

Treatment Planning for Surgical and Restorative Implant Therapy

ON-DEMAND WEBCAST

PROGRAM DESCRIPTION:

In addition to the actual clinical procedures, diagnosis and treatment planning, as well as decision making, are essential elements for clinicians to consider in implant treatment. This process requires balancing patient preferences and finances with a number of clinical factors. The team approach to implant therapy is essential to ensure patient satisfaction and optimal outcomes. This program will illustrate some of the diagnostics needed prior to considering implant treatment. Treatment options will be illustrated and discussed through a variety of clinical case examples.

PROGRAM OBJECTIVES:

At the completion of the program, participants should be able to:

- Identify patients who may be candidates for implant treatment.
- List the essential diagnostic steps required for implant treatment.
- Identify the physical and radiographic examination requirements associated with treatment planning for edentulous and partially edentulous patients.
- Understand the surgical and restorative components used in implant treatment.
- Develop treatment plan options that encompass patient preferences with successful functional and aesthetic outcomes.

Michael Sonick, DMD

Dr. Sonick is a graduate of Colgate University, the University of Connecticut School of Dental Medicine, and Emory University School of Dentistry in Periodontics. He currently is a Guest Lecturer at New York University School of Dentistry in their international dental program and a former Clinical Assistant Professor in the Department of Surgery at Yale University School of Medicine. Dr. Sonick is Founder and Director of the Fairfield County Dental Club and Sonick Seminars. He lectures, both domestically and internationally, and maintains a private practice, devoted to Periodontics, in Fairfield, CT.

ADA CERP®

Continuing Education Recognition Program

Zimmer Biomet Dental is an ADA CERP recognized provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Concerns or complaints about a CE provider may be directed to the provider or to the Commission for Continuing Education Provider Recognition at ADA.org/CERP.

Zimmer Dental Inc.
Nationally Approved PACE Program Provider
for FAGD/MAGD credits.
Approval does not imply acceptance by
any regulatory authority or AGD endorsement.
01/01/2019 to 12/31/2020
Provider ID# 208673

REGISTRATION AND CANCELLATION POLICY: Registration is limited to practicing clinicians. Zimmer Biomet Dental reserves the right to cancel or substitute this program.

TRANSPARENCY REPORTING: All payments and "transfer of value" items provided to health care providers will be reported as required by federal and state laws and regulations. "Transfer of value" items include meals and continuing dental education credits. *The fair market value of this complimentary program will be reported as required under any transparency laws applicable in your region. In the USA, the reportable value per credit hour is USD \$50.

DISCLAIMER: Participants must always be aware of the hazards of using limited knowledge in integrating new techniques or procedures into their practice. Only sound evidence-based dentistry should be used in patient therapy. The information in this course is of a general nature and does not represent or constitute medical advice or recommendations and is for dental education purposes only. Zimmer Biomet Dental does not practice medicine or dentistry. Each clinician should exercise his or her own independent judgment in the diagnosis and treatment of an individual patient, and this course and information does not purport to replace the comprehensive training clinicians have received.
