

# Identification of Candidates for Implant Therapy

ON-DEMAND WEBCAST

## PROGRAM DESCRIPTION:

Dental practitioners and their staff are faced with treatment planning decisions to replace missing teeth. Geared toward the entire dental team, this program presents information that can enable participants to offer their patients a highly successful alternative to restoring edentulous spaces. This program, reviewing myriad scenarios seen in everyday practice, explores the possibilities and benefits implant dentistry can afford to patients.

**Program Fee**  
Complimentary

**CE Credit**  
1

## PROGRAM OBJECTIVES:

At the completion of the program, participants should be able to:

- Identify candidates and plan treatment for dental implants.
- Discuss with patients the options involved in potential implant scenarios.
- Describe an effective method for restoring the edentulous mandible in accordance with the 2002 McGill Consensus Statement on overdentures.
- Compare the benefits of an implant prosthesis versus a conventional three-unit fixed bridge.

### Bruce Ouellette, DDS

Dr. Ouellette received his dental degree from the University of Maryland in Baltimore, MD. His professional affiliations include the American Dental Association, the American Society of Osseointegration, the International Congress of Oral Implantology, the Florida Academy of Cosmetic Dentistry, the Florida Dental Association, and the Palm Beach County Dental Association. Dr. Ouellette is on the faculty at the Dawson Academy For Advanced Dental Study in St. Petersburg, FL and is a clinical instructor for the Palm Beach State College. He maintains a private practice with a focus on occlusion, aesthetics, implant reconstruction, and TMJ in West Palm Beach, FL.
