

ZBI CLINICAL

Reconstruction of the Maxilla and Mandible: Part I: Surgery

ON-DEMAND CE VIRTUAL PROGRAM

PROGRAM DESCRIPTION:

This program is Part I of a two-part series demonstrating reconstruction of the maxilla and mandible. In Part I: Surgery, extractions of the remaining dentition and immediate placement of dental implants with simultaneous bone grafting will be performed. In Part II, a provisional prosthesis will be fabricated and inserted to provide the patient with immediate restorative function of the dentition. The aim of this program is to provide participants with a view of clinical procedures performed by highly-skilled clinicians who will explain and showcase advanced surgical and restorative techniques, helping participants to implement them into their practices. Given the cutting-edge nature of the procedures and services presented in these programs, participants will be given the ability to watch the clinical procedures, then participate in an interactive question and answer session about the techniques performed.

PROGRAM OBJECTIVES:

At the completion of the program, participants should be able to:

- Identify candidates for oral rehabilitation following the protocols presented.
- Treatment plan accordingly for this procedure.
- Have a working knowledge of the surgical steps involved in extractions, immediate implant placement with simultaneously grafting, following the guidelines for the DIEM® 2 Protocol.
- Complete appropriate selection of components.

Paul J. Schaner II, DMD

Dr. Schaner has a Bachelor of Science degree in biology from Denison University in Ohio. He received his doctor of dental medicine degree at the University of Pittsburgh where he also completed a General Practice Residency in Hospital Dentistry at the University of Pittsburgh Medical Center. He next completed his surgical training at the Albert Einstein College of Medicine at Montefiore Medical Center in the Bronx, NY. He continued his education with a fellowship in advanced surgical training in cosmetic and reconstructive facial surgery at the Baptist Hospital in Columbus, Miss. Dr. Schaner is in practice in the Marietta, GA.
